### DESTINY NUMBER 6

**Keywords:** You came into this world to serve humanity with love, duty, responsibility, and charitable deeds. You will be known as a dependable person. You are capable of exploring the philosophy of life and achieving spirituality.

**Overview:** They are loving, caring, and have gifts in the healing realms. They often have maternal sensibilities. They're proficient caregivers, creating environments of harmony and nurturing. They are often able to hold responsibilities, whilst still remaining soft, tender and understanding. These folks are often the witches and wizards of their community (due to their creative talent), whipping up a feast out of nothing but leftovers, or a fancy dress costume from frayed bits of fabric. They tend to be the quick, creative thinkers who can come up with a way to avert a crisis and smooth the path, for others to rise into becoming their best selves.

**Work and Lifestyle:** They perform best when they are in caring roles. Working in nursing, childcare, hospitality or other service roles are likely to bring success and fulfilment. Finding a niche as a counsellor or therapist could also be ideal. But placing their own well being is key otherwise it may exhaust their reserves. They also need their creative energy to be used. So work in the arts, with food, fashion, or even music could all be options. It is important for them to find hobbies and other expressions of their arty, crafty talents.

**Negative side:** They can become over controlling and even turn into martyrs. They should keep themselves low enough for everyone else to attain them. Otherwise they will never be satisfied, as friends and family can never quite hit the mark. So you should release that perfectionism. There is always a need for them to deal with some kind of crisis which can give them a little trouble.
